Re: **CC Docket No. 96-45, In the Matter of Federal-State Joint Board on Universal Service**

Annual State Certification Pursuant to 47 C.F.R. §54.314 and §54.316

Dear Ms. Dortch:

Pursuant to 47 C.F.R. §54.314, state commissions must file an annual certification with the Universal Service Administrative Company (USAC) and the FCC stating "that all federal high-cost support provided to eligible telecommunications carriers will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended."

Utah Eligible Telecommunications Carriers (companies) Certified With This Letter:

Company Name (Exchange Carrier Study Area Code)

All West Communications, Inc. (502288)
Bear Lake Communications, Inc. (503032)
Beehive Telephone Company, Inc. (502284)
Central Utah Telephone, Inc. (502277)
Citizens Telecommunications Company of Utah (504429)
Emery Telcom (502278 – includes Carbon/Emery Telecom and Hanksville Telecom)
Gunnison Telephone Company (502279)
Manti Telephone Company (502282)
Navajo Communications Company (504449)
Skyline Telecom (502283)
South Central Telephone Association (502286)
UBTA Communications (502287 – includes UBET Telecom, Inc.)
Union Telephone Company (512297 -- Utah segment only)

No. of Copies rec'd 0
List ABCDE

The Utah Public Service Commission (Commission) has substantial jurisdiction over these companies' regulated activities, including the Cooperative Associations, through the manner in which it administers the state high-cost fund (State USF) and local ratemaking process (rate of return regulation). Each company is subject to audits in conjunction with state rate cases. These audits validate the use of federal and state high-cost support and the potential to continue to comply with applicable requirements. Each rate case takes into account any federal high-cost support received by a particular company in determining a company's eligibility for state high-cost support. This has the effect of reducing the company's intrastate revenue requirement and contributes to keeping rates reasonable, affordable, and comparable to the urban rates within the State of Utah.

In addition, we obtained statements from each of the companies listed above. Each company claims that it "is complying with the requirements of Section 254(e) and will continue to comply for the period January 1, 2005 through December 31, 2005 (the certification period) to be eligible to receive federal USF. The company certifies to the Commission that it will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended consistent with the principles of universal service 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas."¹ The Commission certifies that the rates charged by the rural ILECs are reasonably comparable to the rates charged by Qwest, for purposes of section 254(b)(3) of the Telecommunications Act of 1996.

Given the number of safeguards already in place at the federal level, and in light of the manner in which we oversee application of federal and state high-cost support in combination with each company's formal statement regarding use and intent to use federal high-cost support, our reliance on such information is sufficient basis to provide this certification.

The Commission has taken notice of the fact that certain principal officers of Emery Telecom (502278 – includes Carbon/Emery Telecom and Hanksville Telecom) are under investigation by the Utah Attorney General's Office. The company itself is under review by the State's Division of Public Utilities (the investigative arm of the Commission). No criminal charges have been filed to date, and the Division has not yet made any recommendations regarding rates, or corrective actions to the Commission. The Commission believes there are sufficient safeguards in place to protect both the State and Federal USF expenditures. Given that the investigations are in process, and that the Company itself is cooperating with both the Attorney General and the Division of Public Utilities, the Commission believes certification of Emery is justified at this time. Like the other rural ILECs, Emery Telecom's self-certification letter is attached.

Accordingly, we certify that the above-listed eligible telecommunications carriers will continue to comply with the requirements of Section 254(e) for the period January 1, 2005 through December 31, 2005 (the certification period) to be eligible to receive federal high-cost support, and that each company will use its federal high-cost support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section

¹ Statement made in each company self-certification letter to the Utah Public Service Commission.

254(e) of the Communications Act.

Utah Company Self-Certified With This Letter:

This Commission granted Western Wireless Corporation Eligible Telecommunication Carrier (ETC) status in Qwest's service territory as part of the Utah Docket No. 98-2216-01. Notification of Western Wireless' ETC status was sent to the FCC at the time ETC status was granted to Western Wireless.

On September 10, 2004, we received the enclosed self-certification by Western Wireless regarding the potential use of USF money. Because this Commission does not audit Western Wireless nor does Western Wireless participate in any rate setting with this Commission we do not have the same familiarity with Western Wireless' use of USF money. By forwarding this information, the Commission is not certifying that Western Wireless is presently in compliance, nor are we waving our right to review compliance in the future. We are merely forwarding the self-certification for your review.

Utah Companies Not Certified With This Letter:

Company Name (Exchange Carrier Study Area Code)

CenturyTel of Eagle Inc. (CenturyTel) (Exchange Carrier Study Area Code 462185)

Farmers Telephone Company (Farmers) (Exchange Carrier Study Area Code 462188)

Albion Telephone Company (Albion) (Exchange Carrier Study Area Code 472213)

CenturyTel of Eagle Inc. (CenturyTel) (Exchange Carrier Study Area Code 462185) provides local exchange service to approximately 6 to 8 Utah customers on the border of Colorado via facilities located in Colorado. Farmers Telephone Company (Farmers) (Exchange Carrier Study Area Code 462188) provides local exchange service to approximately 8 Utah customers on the border of Colorado via facilities located in Colorado. Albion Telephone Company (Albion) (Exchange Carrier Study Area Code 472213) provides local exchange service to approximately 27 Utah customers on the border of Idaho via facilities located in Idaho. All ratemaking procedures for these companies have historically been deferred to the Colorado Public Utilities Commission or Idaho Public Utilities Commission accordingly.

Due to our limited oversight, we hereby defer certification of CenturyTel and Farmers to the Colorado Public Utilities Commission and defer certification of Albion to the Idaho Public Utilities Commission consistent with the ratemaking process for these companies.

Respectfully,

Ric Campbell, Chairman
Utah Public Service Commission

Re: Certification of Rural Indiana Carriers Pursuant to § 254(e)
and the FCC's Order in CC Docket No. 96-45

No. of Copies rec'd 0
List ABCDE

Dear Ms. Flannery and Ms. Salas:

In accordance with the Federal Communications Commission's May 23, 2001 Order¹ (the "RTF Order"), this letter is intended to communicate to you the names of those Indiana carriers that have been certified by the Indiana Utility Regulatory Commission ("IURC") to receive federal support for calendar year 2005.

In an IURC Order issued on August 22, 2001 in Cause Nos. 42067/40785, the IURC prescribed forms to be completed and procedures to be followed by rural carriers seeking IURC certification. Based upon completed applications that have been received this year, the IURC issued an Order on August 24, 2004 in Cause No. 42067 identifying Indiana carriers that have satisfied the certification criteria established by the IURC's August 22, 2001 Order and the June 18, 2003 Docket Entry.

¹ FCC's Fourteenth Report and Order, Twenty-Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, dated May 23, 2001.

Based on the IURC's August 24, 2004 Order, and on behalf of the IURC, I now certify to the FCC and USAC that all entities listed in Attachment A to this letter will be using federal support (which includes high cost loop support, local switching support, high cost support received pursuant to the purchase of exchanges, high cost model support, and hold harmless support) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section 254 (e) of the Communications Act.

If you require further assistance, please call me at (317) 232-2716.

Sincerely,

A handwritten signature in black ink, reading "Nancy E. Manley". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Nancy E. Manley

IN THE MATTER OF THE COMMISSION'S)
CERTIFICATION OF RURAL CARRIERS')
ELIGIBILITY TO RECEIVE FEDERAL HIGH-COST)
UNIVERSAL SUPPORT, PURSUANT TO THE)
TELECOMMUNICATIONS ACT OF 1996, THE)
FCC'S MAY 23, 2001 ORDER, AND OTHER)
RELATED FCC ORDERS.)

CAUSE NO. 42067

APPROVED: AUG 24 2004

BY THE COMMISSION:

David E. Ziegner, Commissioner

Lorraine Hitz-Bradley, Administrative Law Judge

On May 23, 2001, the Federal Communications Commission issued an Order¹ ("the FCC's RTF Order") assigning to state commissions the responsibility of certifying whether rural carriers are using federal high-cost support in a manner consistent with the requirements of Section 254(e) of the Telecommunications Act of 1996. Pursuant to Section 254(e), carriers must use universal service support "only for the provision, maintenance, and upgrading of facilities and services for which the support is intended." The FCC's RTF Order provided that state certifications should be submitted by October 1 each year for payments to be made during the following calendar year. If a rural carrier is not certified by its state commission, it will not receive federal high-cost support.

In order to carry out the FCC's directive, this Commission issued a consolidated order in this Cause and Cause No. 40785 prescribing forms to be filled out and procedures to be followed by those rural carriers seeking certification. Upon reviewing the applications submitted by rural carriers seeking certification, the Commission issued orders in this Cause on September 26, 2001, September 11, 2002, and September 17, 2003 certifying the eligibility of Indiana rural carriers to receive federal high-cost support.

Upon reviewing the completed applications, the Commission now finds that all applications that have been submitted demonstrate the requisite compliance with the requirements of Section 254(e) of the Telecommunications Act of 1996, as interpreted by the FCC's RTF Order and this Commission's August 22, 2001 Order. More specifically, based on the completed applications, we find that all entities listed in Attachment A to this Order will be using federal high-cost support (which includes high-cost loop support, local switching support, high-cost support received pursuant to the purchase of exchanges, high-cost model support, and hold harmless support) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section 254 (e) of the Communications Act.

¹ In the Matter of Federal-State Board on Universal Service and the MAG Plan, Fourteenth Report and Order, CC Docket Nos. 96-45 and 00-256.

In accordance with the FCC's RTF Order, we direct the Commission's Secretary to inform the Universal Services Administrative Company ("USAC") and the FCC that this Commission has certified that the carriers identified in Attachment A to this Order have met the requirements of Section 254(e) and the FCC's RTF Order.

IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

1. The Indiana carriers identified in Attachment A to this Order shall be, and hereby are, certified by this Commission as having satisfied the requirements of Section 254(e) and the FCC's RTF Order.
2. The Commission's Secretary shall inform the FCC and USAC by October 1, 2004 that the aforementioned Indiana carriers have been so certified.
3. The Commission's Secretary shall forward a copy of this Order to all carriers identified in Attachment A.
4. This Order shall be effective on and after the date of its approval.

McCARTY, HADLEY, RIPLEY AND ZIEGNER CONCUR; LANDIS ABSENT:

APPROVED: AUG 24 2004

**I hereby certify that the above is a true
and correct copy of the Order as approved.**

Potlatch Telephone Company and Troy Telephone Company have merged under the parent company of TDS Telecom, and Columbine Telephone is associated with Silver Star Telephone Company. Oregon-Idaho Utilities does operate in our state, however, separate study area codes were not available for these companies. Filer Mutual elected to have this Commission mail its certification.

Marlene H. Dortch
September 29, 2004
Page 2

Also, in reference to rate comparability in CC Docket No. 96-45, FCC 03-249 released on October 27, 2003, Idaho has reviewed the residential rates in rural areas of the state. All residential rates in Idaho are below the safe harbor nationwide benchmark of \$32.28 per month.

If you have any further questions regarding these issues, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Doug Cooley". The signature is fluid and cursive, with the first name "Doug" and last name "Cooley" clearly distinguishable.

UNIVERSAL SERVICE FUNDING FOR ELIGIBLE TELECOMMUNICATIONS
CARRIERS IN WEST VIRGINIA
Petition by Staff for the Commission to initiate a general investigation into the
certification of federal universal service funding for eligible telecommunications
carriers in West Virginia (filed 8/9/04)

This letter is submitted on behalf of Hardy Telecommunications, Inc., the Competitive Local Exchange Carrier (CLEC). The purpose of this letter is to request that, consistent with the Commission Order issued on August 27, 2004, in the above-mentioned matter by the Public Service Commission of West Virginia and pursuant to 47 C.F.R. § 54.314 of the rules of the Federal Communications Commission, the Public Service Commission of West Virginia certify to the Universal Service Administrative Company and to the FCC that Hardy Telecommunications, Inc. (CLEC) will be eligible to receive federal high cost support in calendar year 2005. In compliance with the above-mentioned Order, Hardy Telecommunications, Inc. (CLEC) attaches its Verification.

Hardy Telecommunications, Inc. (CLEC) respectfully requests that the Commission afford this request for certification pursuant to § 54.314 of the FCC's rules and regulations.

Sincerely,

Mary G. Mongold
